6. ADDITIONAL INFORMATION

a. PROVIDE ANY ADDITIONAL INFORMATION YOU FEEL MAY BE NECESSARY TO DESCRIBE YOUR FIRMS QUALIFICATIONS. (ATTACH ADDITIONAL SHEETS AS NEEDED.)

HESS-ROUNTREE, INC. provides a full range of Consulting Civil Engineering, Land Surveying and Civil Engineering Contract Management services. Our firm has a long and successful history of working with municipal clients throughout the State of Arizona. We currently have on call civil engineering contracts with 13 valley school districts, the Maricopa County Community College District and Arizona State University. We also provide services through the Greater Phoenix Purchasing Consortium of Schools to numerous educational clients each year. We pride ourselves in finding cost-effective, timely and quality long-term solutions to our client’s problems. Most of our clients are long-standing repeat clients that have become accustomed to high quality designs and a client first approach.

When working with Hess-Rountree, you will get direct principal involvement in all projects. You have over 50 years of civil design experience between our three engineers and over 45 years of experience from our registered land surveyors in providing civil design and land surveying services throughout the State of Arizona. Because of our extensive experience, we are familiar with problems associated with site development and are able to anticipate and solve potential problems before they occur. We also have considerable experience in solving existing site problems such as drainage, layout and site utilization. Our engineers have extensive experience in and have supervised projects from initial boundary and topographic survey through planning, site layout, analysis, design (grading, drainage, water, sewer, paving, fencing, parking lots, etc), preparation of bid specifications and bidding. During construction we provide construction management, quality control inspections and construction staking.

We look forward to providing the State of Arizona with the high quality civil engineering and land surveying services our clients have become accustomed to receiving from us. We encourage you to contact some of our references to confirm our expertise and passion for civil engineering and survey projects on the attached client reference sheets.
