RE: WSCA

TO WHOM IT MAY CONCERN:

Tech Data Corporation ("Tech Data") is one of the largest distributors of microcomputer hardware and software in the United States. As of the date of this letter **Insight** ("Customer") is a reseller in good credit standing with Tech Data. Subject to applicable manufacturer restrictions, Customer is authorized to purchase product from Tech Data. A line card with a listing of products available from Tech Data is attached for your reference.

The information contained herein is valid as of the date of this letter, and Tech Data assumes no obligation to update information in the event of change in Customer's credit standing or the products available from Tech Data.

Sincerely,

Barbara A. Miller
Vice President

Re: Authorized Reseller for SYNNEX Corporation.

Dear Sir/Madam:

The purpose of this correspondence is to document the status of Insight as an authorized reseller for SYNNEX Corporation (hereinafter "SYNNEX"). This is a letter of authorization only and is not to be construed as a letter of supply.

SYNNEX is an authorized distributor of various manufacturers' products. Based upon SYNNEX's relationship with these manufacturers, SYNNEX sells these manufacturers' products to value-added resellers like Insight. Insight is authorized to purchase a wide variety of manufacturers' products through SYNNEX, for which products the manufacturers' standard warranties are also available to Insight. In some cases, however, manufacturers' purchasing restrictions and authorizations may apply.

Unless otherwise indicated, SYNNEX's standard commercial terms and conditions, as amended from time to time, apply to all sales. This letter of authorization does not purport to provide Insight any additional rights than those offered to them by each participating manufacturer.

If you require further information, please call me at (864) 289-4374.

Sincerely,

A handwritten signature in black ink that reads "Ed Somers". The signature is written in a cursive, flowing style.

Ed Somers
Government Contract Administrator

Advancing IT Innovations

Map your destination to increased productivity, cost savings and overall business success. Our distribution centers are strategically located across the United States to provide you with product where you need it; when you need it. Each of our distribution centers provides our customers with warehouse ratings of nearly 100% in accuracy and PPS (pick, pack and ship) performance. Couple that with unsurpassed service from our infrastructure support, giving you one more reason why you should be doing business with SYNNEX. That's service and infrastructure support you can rely on!

Services

Sounds simple, but at SYNNEX we understand that true business growth requires access to meaningful, tangible business infrastructure, tools, and resources. That's why over the last year we've invested heavily in providing our partners with high-impact business services, designed from the ground up to provide real value, and delivering on our commitment to provide unprecedented support to our most valuable asset, our partners.
