

WELCOME TO THE ARIZONA COOPERATIVE PURCHASING PROGRAM!

BUYER POWER

With 36,000 employees and approximately \$9B in yearly procurement spend, the state possesses massive buyer power.

SOLICITATION PROCESS

The State of Arizona abides by the Arizona Procurement Code, meaning all active contracts result from a competitive bidding process and are ready for public use.

CO-OP SUPPLIERS

The State of Arizona has hundreds of trusted suppliers on contract and ready to serve your organization.

WHAT IS THE COOP?

As an official member, you are able to utilize statewide cooperative (co-op) contracts to harness the State Agency and Co-Op Member buying power to receive significant time and cost savings. Members include political subdivisions and eligible non-profit organizations 501(c)3 through 501(c)6.

START SAVING!

Take advantage of the Arizona State Procurement Office's vast negotiating power and expertise. Enjoy large discounts and thousands of products and services negotiated and managed by experienced Procurement Officers.

WHAT'S NEXT?

Once you receive a signed copy of your agreement and member ID, you are an official member! While the membership does not require any renewals, we do ask that your organization keeps contact information up to date by notifying us when a contact changes.

To view your current contact information and your member ID should you ever lose it, a complete list of co-op members can be found on spo.az.gov by navigating to *Programs > Cooperative Program > Live Co-Op Member List*

To browse available contracts, visit app.az.gov and select State Contracts, then select "**yes**" next to *Co-Op Designation*, and **check the box** next to *Statewide Contract*. Once filtered, co-op contracts can be found using the *Keywords* search bar.

Once you have located the contract you would like to use. You do not need an APP login. You will reach out directly to the supplier, making sure to reference the contract number and your member ID to utilize the contract.
