Re: [TRANSITION CLARIFICATION] Awarded: MTS-MSP Multi-Temporary Staffing Services

Managed Services Provider

We've received a few questions regarding contract timing. Please see the message below for clarification on program transition.

The Knowledge Services contract will begin on November 1, 2024. The State and Knowledge Services will complete transition activities over a six-month period, with an anticipated program go-live in April 2025. More information will become available as the project starts in November. In the interim, continue regular business with ACRO as we intend to extend the current contract to ensure full coverage during the transition.
