Re: SPO Alert - Public Portal Contract View Issues

Dear Valued APP User,

The Arizona Procurement Portal (APP) Team wanted to inform you that we have identified an issue with the public view of State Contracts (attached documents) on APP's public side. We are promptly working with our developers to resolve this issue. For the time being, a workaround has been implemented to still allow contract documents to be downloaded; please view it below.

We will provide an update when the functionality of the public view for State Contracts on APP's public view has been fixed. If you have any questions or concerns, please do not hesitate to contact our APP Help Desk.

Thank you.
