--	---	---

f. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT (include scope, size, and length of project)

SPS+ Architects has consistently provided the City of Scottsdale with on-call services since 1989. Among the many projects we have completed for the city are police and fire station design as well as interior remodels at various city administration and public buildings (including the Scottsdale Justice Center and Mustang Library) as well as public park landscape design.

Projects were program driven and budgets were not shared with us. There were no change orders except for program modifications requested by the mayor. We partnered with contractors and projects managers to reduce costs whenever possible. All projects were completed on time.

We incorporated sustainable features whenever possible including occupancy sensors for light switches, outside air cooling/heating economizer cycles and reused existing materials.

f. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT (include scope, size, and length of project)

Over our 15-year relationship with San Carlos USD, we have provided countless projects ranging from small TI and renovation projects including HVAC, lighting or plumbing work to refinishing, repainting and rearranging walls and doors to large classroom addition projects and site design. We have also provided roofing repairs as well as deficiency repairs in which we assessed why a system was not working and provided the necessary improvements. We incorporated sustainable features whenever possible including separate zoning for air conditioning in low-use spaces, high-thermal resistance for exterior envelopes, occupancy sensors for light switches, outside air cooling/heating economizer cycles and reused existing materials.

-------------------------------------	---	---

f. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT (include scope, size, and length of project)

SPS+ Architects has provided full architectural services to Maricopa County including Design and CA for over 15 years. We have performed countless tenant improvement projects on the county's justice, detention and administrative facilities.

Our firm has completed a number of detention center projects valued from \$14,500 to \$746,000 at LBJ, Durango, Towers and Estrella jails including perimeter security fencing, electric motorized gates and deficiency corrections to a newly completed food factory and a new carpentry shop. We have provided numerous interior remodels and renovations for court and justice centers throughout Maricopa County ranging in cost from \$11,400 to \$989,000 and in size from 320 sq. ft. to 12,840 sq. ft. In the Central Courts Building, we designed a new Secure Judge's Corridor, main building Entry and jury assembly area in addition to remodeling the Change of Venue Restaurant. We also worked on the Justice of the Peace Courts in Mesa and north Phoenix, Sheriff's Office Building, new 4th Avenue Jail, Central Plant and Southeast Justice Complex.

SPS+ Architects has provided many remodeling and tenant improvement designs for office and administration areas throughout Maricopa County's facilities, including virtual every floor of the County Administration Building, the Recorder's Office, The County Attorney's Office, the Sheriff's Office, the Departments of Equipment & Facilities Management and Transportation and Flood Control. In addition, we performed on-site area assessment and user verification and prepared CADD drawings of all of the buildings administered by FEMD.

We also provided full service architectural and engineering design for a complete renovation and expansion of the 6,300 sq. ft. Sheriffs' Station at Saguaro Lake. We completely gutted the original building and removed portions of the exterior bearing walls to provide a functional new design that met the requirements of the Sheriff's Office. The building included observation and dispatch offices, ADA holding cells, first aid clinic vehicle storage, as well as kitchen, dormitory space, rest rooms and storage.

6. ADDITIONAL INFORMATION

a. PROVIDE ANY ADDITIONAL INFORMATION YOU FEEL MAY BE NECESSARY TO DESCRIBE YOUR FIRMS QUALIFICATIONS. (ATTACH ADDITIONAL SHEETS AS NEEDED.)

SPS+ Architects LLP has served Arizona for over 50 years, during which time over 90% of our projects have been for public institutions. As one of the state's premiere legacy architecture firms, we have designed local landmarks from ASU's Manzanita Hall and the NAU Skydome to the Chandler Center for the Arts.

OVER 50 YEARS OF EXPERIENCE

SPS+ Architects has dependably run projects from start to finish since 1960, a history from which we draw to predict and solve obstacles before they arise.

TRACK RECORD

We take pride in our long-standing relationships with clients spanning decades and multiple projects. In fact, 92% of our clients build multiple projects with our firm, a testament to the level of service we provide.

BUILDING WITH THE FUTURE IN MIND

Our firm began implementing energy-saving features into our designs well before the popularization of LEED®, and we perform facility-wide energy upgrades, providing insights we incorporate into new construction.

PARTNER LEADERSHIP

One of our partners leads every project we take on without exception and will communicate directly with you to ensure that your vision is realized at every step of the process.

INNOVATION

We look for what is best in every individual case rather than relying on precedent, a point of view that regularly sparks innovative, project-specific design solutions.

7. ANNUAL AVERAGE PROFESSIONAL SERVICES REVENUES OF FIRM FOR LAST 3 YEARS

a. Percentage of Total Work Attributable to State, Federal and Municipal Government Work:	95%
b. Percentage of Total Work Attributable to Non-Government Work:	5%

8. AUTHORIZED REPRESENTATIVE. The foregoing is a statement of facts.

Name: Robert L Pian

Title: Partner

S.H.A.R.P.

MESA, AZ

S.H.A.R.P. (School Home Adjustment Reinforcement Program) provides permanent classroom space for K-12 students with special behavioral issues. The facility houses 12 typical classrooms, campus administration and a media center. A number of custom accommodations were made for the school's population including special sensory and ABIL classrooms, showers and laundry rooms.

Size

Budget \$5,000,000

Actual Cost \$4,829,211

Projected Completion AUG 2014

Actual Completion May 2010

Change Orders NONE

RED ROCK ELEMENTARY

RED ROCK, AZ

The Red Rock Elementary School campus designed for 1,050 K-8 students consists of four buildings, allowing the district to construct the site in sequence to match student population growth. Included are spacious classrooms with two windows per room and classroom connecting doors, teacher work rooms, ¼ size 'pull out' classrooms, special education spaces, specialized classrooms for 7th and 8th grades and a computer lab, gymnasium with stage, cafeteria and kitchen.

Separating the cafeteria and gym was a priority for Red Rock Elementary School to allow for a wood-floor basketball court. To accommodate this request within budget, we maximized floor space with simple, efficient layouts and focused on materials longevity rather than costly superficial design elements. Once we had accomplished all functional goals, we designed a multi-color paint scheme that resulted in an aesthetically-pleasing façade despite the lack of ornamentation.

Size 97,020 sq. ft.

Budget \$12,051,274

Actual Cost \$12,590,811 (owner scope addition)

Projected Completion DEC 2008

Actual Completion DEC 2008

Change Orders NONE

RED MOUNTAIN HIGH SCHOOL

MESA, AZ

This 47,820 sq. ft. addition contains 30 classrooms, including standard academic classrooms, general science classrooms and a large lecture hall. The project also features a sizable chemical storage/preparation area and 3,000 sq. ft. dedicated to athletic facilities.

Because the only available location for a new classroom facility at Red Mountain High was well out of the way of most students, we clearly defined the façade of our new classroom building with large decorative features, providing for a distinctive entrance clearly visible from a distance.

Size 47,820 sq. ft.

Budget \$7,000,000

Actual Cost \$6,949,593

Projected Completion Aug 2011

Actual Completion ON TIME

Change Orders NONE

CHANDLER CENTER FOR THE ARTS

CHANDLER, AZ

The Chandler Center for the Arts features SPS+ Architects' innovative Turntable Divisible Auditorium concept, a design that has become widespread across the country and internationally. This center incorporates two rotating platforms which either provide overflow seating for the 1600-seat main house or subdivide the auditorium into three independent soundproof theatres. The complex's hallmark is its superb acoustics.

Size 61,000 sq. ft.

ED TV

MESA, AZ

This TI project included two television studios and control rooms with associated sound and audio recording rooms. We remodeled offices and restrooms and added additional offices and new sets, lighting and television equipment. A new steel and glass entry leads to a generous lobby with a reception counter and waiting area to impart a stronger identity.

Size 9,000

Budget \$1,000,000

Actual Cost \$763,197

Projected Completion June 2009

Actual Completion ON TIME

Change Orders NONE

ARIZONA GAME AND FISH DEPARTMENT

VARIOUS LOCATIONS, AZ

Over the last three years, SPS+ has designed six projects for the Arizona Game and Fish Department including a training center for the Department of Public Safety, a hand-hewn log cabin, the largest wildlife animal enclosure in the state, indoor and outdoor shooting ranges and an RV park.
