F. EXAMPLE PROJECTS WHICH BEST ILLUSTRATE PROPOSED TEAM'S QUALIFICATIONS FOR THIS CONTRACT <i>(Present as many projects as requested by the agency, or 10 projects, if not specified. Complete one Section F for each project.)</i>		20. EXAMPLE PROJECT KEY NUMBER 1
21. TITLE AND LOCATION <i>(City and State)</i> MURPHY-WILMOT BRANCH LIBRARY EXPANSION & RENOVATION		22. YEAR COMPLETED PROFESSIONAL SERVICES 2010 CONSTRUCTION <i>(If applicable)</i> 2011

23. PROJECT OWNER'S INFORMATION

a. PROJECT OWNER	b. POINT OF CONTACT NAME	c. POINT OF CONTACT TELEPHONE NUMBER
------------------	--------------------------	--------------------------------------

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT *(Include scope, size, and cost)*

Sakellar pllc was selected for the addition and renovation of the Murphy-Wilmot Branch Library, originally designed by Nicholas G. Sakellar, FAIA in 1964. A central challenge of this project was to modernize a library with local historical significance, while maintaining the integrity of the original design. This was achieved through the development of a progressive program, which identified modern technologies and a revised concept of how libraries are used, drawing from the bookstore model. The entrance to the library was designed to showcase featured or popular books, giving way to a snack bar where patrons can sip coffee and browse the web on their laptops. The new layout promotes automated check-out of books, freeing staff to provide more customer service. Reference areas were largely reduced, relying on digital reference and allowing more space for products. The signature space of the library, which historically has been the sunken reading room that looks out onto a fresh green lawn, was preserved, while additional seating along the storefront wall of the expansion was incorporated. The library expansion and renovation also features enlarged meeting rooms, expanded computer area, children's room, teen space, and study rooms.

Client Pima County
 Location Tucson, AZ
 Date 2010
 Type Expansion and Renovation
 Size 20,000 SF
 Cost \$5.5 M

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT *(Include scope, size, and cost)*

The 61 acre parcel comprises a 9 acre transportation complex, county park expansion, dedicated roadway, and an unassigned area for future development. The Westside Transportation Center has the purpose to form a partnership that will enhance the neighborhood while embracing an architectural style to complement the land and surroundings under the following guidelines:

- Low impact site design
- Buffer sightlines
- Sound barriers
- Energy efficient
- Multi-phased improvements
- Sustainable design
- Energy and environmentally responsible design

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT *(Include scope, size, and cost)*

Sakellar pllc was selected for the Transportation Center Renovation for Amphitheater School District. This project involved the repurposing of an existing metal building on site to accommodate the Transportation Center and Food Service operations, while allowing for warehouse space. Security was a major concern for this project. Measures taken included a new video surveillance system, site security fences and gates. New employee parking improved site circulation and safety.

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT *(Include scope, size, and cost)*

The Catalina Foothills School District Transportation Center Renovation consisted of a variety of site improvements and new buildings. Site improvements included parking for 40 buses and 40 personnel, an above ground 8,500 gallon diesel fueling station, an 8' high fence enclosing the site, and flood control improvements. The new construction consisted of a Driver's Building with a lounge area, dispatch center, and restrooms, and a Maintenance Bus Bay for minor work. The site was designed for future expansion that would not disrupt the the circulation of the site.

H. ADDITIONAL INFORMATION

30. PROVIDE ANY ADDITIONAL INFORMATION REQUESTED BY THE AGENCY. ATTACH ADDITIONAL SHEETS AS NEEDED.

Founded on the idea of running a small, yet efficient firm, Sakellar pllc is committed to fully serving its clients' needs, regardless of project size or scope. The firm specializes in space-utilization studies, programming, master planning, and site selection. Sakellar's rich history encompasses nearly every conceivable area of design, from the single-family residence to a 100 square-mile Master Plan. This unique range of experience provides Sakellar pllc with the solid foundation that is necessary to endure the changes that come over time.

We have successfully completed over 300 open-end projects for clients such as Pima County, the City of Tucson, Pima Community College, the University of Arizona, Tucson Unified School District, Catalina Foothills School District, Amphitheater Unified School District and Northwest Hospital. Each of these projects, whether a public facility, office or educational facility, required extensive planning and coordination to ensure a minimum impact to the user during construction.
