

JENNIFER LEWIS

## BIOGRAPHY

**Jennifer Lewis began her career with an organization whose reputation for quality, performance and service are hallmarks of their success. Ms. Lewis launched her career with Versia, (formerly Filing Solutions) in 1995, and has assumed numerous key management roles over the course of her 16-years of loyal service. Her expertise has been instrumental in growing the company over 300%. She has directed numerous divisions including operations, finance, human resources, customer service, IT/communications, analytics, and facilities management.**

**Ms. Lewis, Director of Operations, holds a key role in the growth and launch of the rebranding from Filing Solutions to the new Versia. Versia is an industry leader in the modular millwork, storage, organization and filing solutions arena and has dominated in such areas as healthcare, finance, government, education and Fortune 500 companies. In January 2011, the company kicked-off their 2-year strategic plan of a new brand concept and campaign. Taking into account all of the areas which are affected by a brand name change, Ms. Lewis conducted the extensive and detailed series of events in seamless fashion; a notable challenge given the extensive roster of contractors, vendors, clients, manufacturers and Versia employees.**

**Jennifer Lewis grew up in Georgia, and she is a graduate of Arizona State University. She received a Bachelor of Science degree in Human Resource Management with extensive studies in Information Management.**

**Ms. Lewis resides in Phoenix, Arizona and enjoys golf, gardening and the two most precious Yellow Labs -who are permanent VIP's (very important pets!) at the Versia headquarters.**
