

PRICING SCENARIOS - FOR EVALUATION PURPOSES

All scenario pricing shall correlate to the Price and Pricing spreadsheet offered in the proposal. Please note that pricing must be provided for all items in the scenario. A proposal may not be evaluated and/or may receive zero points for this section of the Solicitation if the provided pricing does not correlate to the Solicitation price sheet titled Price and Pricing, or if the pricing provided does not include pricing for the entire scenario. If the price of an item in the scenario is included in the pricing of another item, in the same scenario, you must indicate this in the field provided for the pricing of the item you are not providing a separate price. Please only provide pricing for the requested items. No additional points will be given if the product you provide pricing for exceeds the requested specifications.
