

Viewing a Solicitation

This document is a quick reference guide for users who want to view a solicitation in the Arizona Procurement Portal (APP). If you have any questions, please contact the APP Help Desk at app@azdoa.gov. Additional resources are also available on the SPO website: <https://spo.az.gov/>.

When the State of AZ sends out a solicitation to specific suppliers for bidding, suppliers will receive a notification via email inviting them to respond within the Supplier Portal. The email will contain a link to the specific solicitation record in the Supplier Portal for the supplier to review. The supplier can also view a solicitation without an invitation by navigating to the APP Supplier Portal homepage and Sourcing tab to view a full list of previous and open invitations.
