Effective immediately, the contract set EPS060077 - Floor Covering Products, Commercial and Residential Use has been extended through September 30, 2011. Not all contracts in this set have been extended as some contractors have not yet returned the executed amendment.

Expert volunteers are being requested to participate in future focus group and evaluation committee meetings. Even if you are not able to participate in this process the State Procurement Office is seeking your organization's input concerning what specifications, products, terms and conditions, etc. need to be included in the new solicitation to best meet your future organizational needs.
