Re: User Input Request - Statewide Contract for Copiers/Multi-function Office Machines & WSCA Solicitation/Contract(s) for Same

The ADOA State Procurement Office is seeking user input related to contracts for copiers/multi-function office machines.

The State of Arizona has in place a Statewide contract for these products, with extension periods still available. A separate WSCA (Western States Contracting Alliance) solicitation for these products has been completed and the attached document summarizes the awards made. As part of SPO's intent to ensure that we are providing our clients with the best solutions available, we would like your input.

Please provide Maureen McGovern at maureen.mcgovern@azdoa.gov (602) 542-9125, your perspectives about the current contract set and the viability of the WSCA set.

As an example of the information that would be helpful:

- are the products available in the current contract set meeting your needs
- would the WSCA contracts meet those same needs
- identify the products that are unique to either the current contract set, or the WSCA contract, that may be important to you.
- if the State were to consider using the WSCA contracts, which contractors would best meet your needs.
