Re: Work around for the EH2 modifier error

Periscope has created a workaround for requisitions that cannot be canceled due to the EH2 modifier error (the requisition's pre-encumbrance was liquidated in AFIS when it was converted to a PO, then the PO was canceled liquidating the encumbrance; the original requisition is left without a pre-encumbrance leaving it orphaned in ProcureAZ).

Please coordinate within your agency and send a list of requisitions to be moved to 'Canceled' status to the Help Desk at procure@azdoa.gov by COB Wednesday, January 25th. The first list will be sent to Periscope on Thursday, January 26th. Future lists will be sent biweekly.

If you have any questions please contact the Help Desk at 602-542-7600 (option 3) or email procure@azdoa.gov.
