**Subject:** ProcureAZ Alert - Version 10, Accounting Errors fixed

### ProcureAZ Alert

**Date:** June 26, 2012

**To:** Agency Technical Leads and User Group Members

**From:** ProcureAZ Help Desk

**Re:** Accounting Errors fixed

The two fixes address users receiving errors when they are attempting to:

-Correct an incorrect account code, received an AFISDocAccount error.

OR

-Users processing change orders to ADD dollars to a PO created prior to v10, received an F05 CUM DOC BAL NEG error

You may now resend any documents previously held up by either of the errors.

Please forward this alert to ProcureAZ users in your agency that may have encountered either error.
