**From:** ProcureAZ Help Desk  
**Re:** Using a .doc file as an attachment in ADSPO Bids

With the release of Microsoft Office/Word 2010 and newer versions, .doc files are no longer being recognized as valid Word documents and our vendors are having more and more difficulty in opening these documents. Please be sure to save older documents that we may be reusing as a .docx file instead of .doc.

If you have any questions please let us know and we'll be happy to discuss further.

Thank you for your cooperation.
