Subject: ProcureAZ Alert - PO Change Orders are Re-Encumbering Funds Incorrectly Again

Importance: High

ProcureAZ Alert

Date: June 23, 2014

To: Chief Procurement Officers, Agency Technical Leads and ProcureAZ Users

From: ProcureAZ Help Desk

Re: PO Change Orders are Re-Encumbering Funds Incorrectly Again

The Help Desk has confirmed the resurfacing of a problem with change orders. The problem occurs when processing a quantity or dollar change to a purchase order. The system is not just re-encumbering the dollars remaining but re-encumbering ALL dollars on the purchase order, including any already paid amounts. Periscope is working on the issue and expects to deploy a hotfix for testing this week.

If you have any questions please contact the Help Desk at 602-542-7600 (option 3) or email procure@azdoa.gov.
