PROCUREAZ ALERT

Date: January 14, 2015
To: State Agency Chief Procurement Officers and Technical Leads
From: State Procurement Office
Re: Intermittent Issues Sending Email Notifications from ProcureAZ

Periscope is currently working to fix an intermittent issue with ProcureAZ email notifications. Notifications that may be getting stuck include bid notifications, revision notifications and purchase order notifications (both to vendors and agency users). Periscope is clearing out the stuck messages periodically so they do eventually reach their intended destination, it just may not be as soon as expected.
