Subject: ProcureAZ Alert - Invoice Issue in ProcureAZ

PROCUREAZ ALERT

Date: January 21, 2015

To: CPOs and ProcureAZ Technical Leads

From: State Procurement Office

Re: Issue with Last Night's Invoice Batch in ProcureAZ

A recent ProcureAZ Alert notified users of an issue ProcureAZ was experiencing with invoices. In our efforts working toward a resolution, we ask that you do not visit any of the Department and/or Location screens. At this time, it appears that changes or saves to these areas of the application are affecting the invoice batches adversely. Therefore, it is of the utmost importance that the Save & Continue and Save & Exit buttons are not used for at least the rest of the week.

The safest action would be to avoid doing any Organization Administration within ProcureAZ.

Please wait until we notify you that the fix for this issue has been deployed.

Thank you for your attention in this matter.
