Subject: ProcureAZ Alert - Duplicate Invoices Occurred Again

Importance: High

PROCUREAZ ALERT

Date: February 10, 2015
To: State Agency Chief Procurement Officers, Technical Leads and Users
From: State Procurement Office
Re: Duplicate Invoices Occurred Again

Fourteen invoices belonging to the Department of Public Safety were duplicated in every agency's AFIS IT file last night. GAO will delete invalid invoice batches/lines from impacted IT files, but this will not process until tonight. A ticket has been submitted to Periscope and the issue is being worked on. Please be patient while GAO works through the deletion.

Thank you
