

ProcureAz Alert

Date: August 18, 2015

To: Agency CPOs, ProcureAz Technical Leads

From: ProcureAz Help Desk

Re: ProcureAz Technical Difficulties

We are aware of the issues in connecting to ProcureAz, the site is back up and running at this time. The connectivity problems began approximately 2:50PM with ProcureAz website displaying error messages of “webpage not available”. Because of these issues, we are recommending that you do not open any bids with today’s 3:00PM being the Bid Opening Date deadline until tomorrow morning to allow vendors to either contact you or contact us indicating there was a quote submission issue. If you do happen to receive a call from a vendor who may have experienced difficulty with ProcureAz, please contact the Help Desk to discuss and we will do the same for you should the vendor contact the Help Desk.

If there are any questions or concerns please contact us at your earliest convenience.

Thank you,

PROCUREAZ HELP DESK
