

## ProcureAz Alert

**Date:** October 6, 2015  
**To:** Agency ProcureAz Users  
**From:** ProcureAz Help Desk  
**Re:** Brady's G2B Punch-out not working correctly

---

We have notified Brady of an issue where the G2B site will launch but there are no products for the State of AZ account. They are looking into the issue, but we do not have an ETA for a resolution.

**If you need to place an order with Brady TODAY we recommend using a Direct Release Requisition until notified the punch-out websites has been corrected.**

Thank you.
