Re: ProcureAZ will be down beginning at 7p MST tonight

GAO and SPO have given Periscope permission to deploy the current fix pack to ProcureAZ production. The system will go down tonight after 7:00p MST to complete the activity (see also <https://gao.az.gov/procureaz-afis-integration-will-not-be-available-after-7-pm>).

The list of fixes will be sent in a separate email.

Once that maintenance has been completed ProcureAZ will be available Saturday morning until 11:00a MST, and then will be taken down for the rest of the day to complete maintenance activities.

If you have any questions please contact the Help Desk at 602-542-7600, option 3.
