Subject: SPO ALERT - WSCA Software Value Added Reseller

SPO Alert

Date: June 24, 2011

To: State Agency Chief Procurement Officers and Cooperative Members

From: State Procurement Office

Re: WSCA Software Value Added Reseller

The State Procurement Office was the WSCA Lead Contracting Entity for the solicitation of a Software Value Added Reseller. The resultant Master Price Agreement (MPA) was awarded to three (3) suppliers on June 3, 2011. Accordingly, participating States, including Arizona must implement a Participating Addendum (PA) with one (1) or more suppliers. This decision is at the individual State's discretion.

The current SVAR contract (AD050028) with Dell Marketing LP is still a valid contract and should be used as applicable. The expiration of the Dell Marketing LP contract is July 31, 2011.

In the interim, the State Procurement Office will be finalizing Arizona's PA. In preparation, SPO will be having a series of short presentations, including Q&A, whereby Agencies may attend to discuss the PA and the MPA. We are hopeful that the PA supplier will be available to attend these informational meetings.

Announcement of the SVAR meeting including date, times and location will be forthcoming.
