Subject: VIP Alert - Configuration Workbooks for ProcureAZ

Dear Cooperative Procurement Members,

RE: Configuration Workbooks for ProcureAZ

To those of you who have returned your completed workbooks THANK YOU!

To those who have not yet done so, just a reminder that the completed workbooks are due today, July 31, 2009. The workbooks should be sent to Chris Harris charris@goperiscope.com.

We thank you for your time and effort in completing this data. We understand that for some of you this may not be a small task, but it is one that will only have to be completed once in support of transition to a better managed statewide procurement system.

Thank you,

Jean A. Clark
State Procurement Administrator
