### SPO ALERT

**Date:** August 11, 2010

**To:** State Agency Chief Procurement Officers, Cooperative Program Membership

**From:** State Procurement Office

**Re:** Industrial Supplies awards

Supplementary Industrial Supplies contracts were awarded on June 28, 2010 to MSC Industrial Supply Co. (ADSP010-000206) and Triggledigger Enterprises, LLC (ADSP010-000207). Because the pricing was done outside of ProcureAZ's line item functionality, a line item showing a plumbing supplies commodity code was utilized as a placeholder to satisfy ProcureAZ functionality. These, like the Industrial Supplies WSCA contract with Grainger (ADSP010-000148/EPS060050-1-A5), are available to all State agencies and cooperative program members but are not mandatory (permissive).

Additional line items reflecting actual pricing submitted and awarded have been added to the above contracts to clarify that these were industrial supplies contract awards, not simply plumbing supplies. At times, awarded categories are broader than can be captured with one commodity code. Commodity code selections for each line item do not in any way limit the awarded category. The State Procurement Office has indicated mandatory contracts for overlapped categories in the respective Line Items in ProcureAZ. The mandatory contracts should still be consulted first.

Currently, the WSCA Industrial Supplies contract with Grainger expires 11/30/10. No decision has been made yet for WSCA Industrial Supplies contracting beyond 11/30/10.
