Contract SCC08007-11

Please be advised that the last day of business for CMX, LLC will be August 14, 2009. At that time, CMX, LLC will no longer operate in the Phoenix metro area. CMX Sports Engineers will also no longer operate after that date.

It is important for all of our clients to realize that after August 14, project records from CMX, LLC will not be available. It is imperative that clients request project records if they would like to retain them. Due to the volume of data and the remaining short timeframe, we ask that, to the extent possible, you only request data on active or incomplete projects. If projects are constructed and as-builts submitted, the city or county having jurisdiction should be able to provide copies of plans if ever needed.

Thanks.
