Re: Extension of AD040025 - ESRI Mapping Software

The State has been in negotiations with ESRI for a contract to replace AD040025. Unfortunately, ESRI has not yet been able to certify compliance with a mandatory requirement. We are extending AD040025 through the end of the fiscal year (June 30, 2010) to allow time for ESRI to resolve this issue, if possible. If this issue cannot be resolved, no new contract will be executed, nor will AD040025 be extended further. If you have any questions, please contact the Procurement Officer identified below.
