Awards for Training – Professional Development and-or Related Consultation (continued)

Description of Services

‘Statewide’ contracts to provide Training, Professional Development and Related Consultation services for all State Agencies, Boards, and Commissions, as well as participating State Cooperative Members.

These Contracts replace Contract Sets for Training and Professional Development Services and Safety Training Services which ended on June 30, 2018.

Brief Summary

1. For State Agencies - Any training provided by a vendor is to supplement training currently provided by the Arizona Learning Center (ALC). A complete ALC course listing can be found at the following site:
<http://www.hr.az.gov/LearningCenter/default.asp>.
2. The services provided will deliver critical competencies and skill sets in a variety of formats and delivery methods that will satisfy group or individual training and development needs:

Structured Training and Professional Development Curriculum Courseware

STRUCTURED means that the curriculum, materials, delivery formats, and method(s) of delivery, have already been developed, tested and successfully provided in other situations outside of this Contract (e.g. Off-the Shelf), with little or no revision in order to meet the requirements of the Customer

Customized Curriculum Courseware

CUSTOMIZED means that curriculum, materials, delivery formats, and method(s) of delivery are developed for the specific requirements of the Customer.

TRAINING CONSULTATION SERVICES

Customer may have a need to consult a Training and/or Professional Development expert to assess gaps in current agency training curriculum or consult to create a new Training and/or Professional Development training program. . There shall be a written Statement of Work, agreed upon and signed by both the Customer and Contractor

TRAINING DELIVERY FORMATS

Computer Based Training (CBT) – type of training in which the individual learns by executing special training programs on a computer. Customer may have required specifications for CBT formats.

E-Learning (E) – the transfer of skills and knowledge through the use of technology that enables an individual to learn anytime and anywhere. E-learning applications and processes include Web-based learning, webinars, virtual education opportunities and digital collaboration. Content is delivered via internet, intranet/extranet, audio, video, satellite TV or other specified technology.

Offsite Classroom – Contractor Facility (VF) – in person instruction session at Contractor’s location or chosen facility.

Onsite Classroom – State or Cooperative Member Facility (SF) – In person instruction session at a State or Cooperative Agency facility or chosen facility.

Train-the Trainer (TT) – transfer of knowledge and skills needed by a prospective trainer to provide a specified type of learning curriculum and experience
